COUNTY OF HARRISON

Before me, the undersigned Notary Public, this day personally appeared W. F. Bullock, who being by me first duly sworn, states on oath that he is fifty-four years of age, a resident citizen of Jackson County, Mississippi, and has resided in said County fifty-four years.

Affiant further states that he is the owner of a certain parcel of land 256 feet by 900 feet situated within Section 16, Township 7 South, Range 9 West of St. Stephen's Meridian in said Jackson County, Mississippi, the land so owned by affiant being embraced within the private claim of John B. Ladnier, as segregated on the official plat of survey of said Township approved December 31, 1828 as the private land claim of John Baptist Ladnier, reported in American State papers, Duff Green edition, Vol. 3, page 34, and confirmed by Section 3 of the Act of March 3, 1819 (3 Stat. 528).

The land so owned by affiant is more particularly described in a certain deed from Fred Dick, Eugene Dick and Ben Dick to W. F. Bullock, as the same appears of record in the office of the Chancery Clerk of Jackson County, Mississippi, a certified copy of said deed being hereto annexed as Exhibit "A".

Affiant further states that the said John B. Ladnier died many years ago. That after the death of the said John B. Ladnier his heirs at law caused a survey of said Section 16 to be made by E. W. Merrill, C.E., a copy of which survey is herewith submitted as Exhibit "B". That according to said survey one parcel of land in said Section 16 was allotted to
, and that the land now owned by affiant

is situated with said parcel.

Affiant further states that said parcel of land so allotted to Arsine Ladnier was thereafter acquired, under the laws of descent of Mississippi, by Arsine La Forse, a grand-daughter of the said John B. Ladnier. That the said Arsine La Forse afterwards conveyed said land to one Joseph Dick, and that upon the death of the said Joseph Dick, said parcel of land was inherited, under the laws of descent in Mississippi, by Fred Dick, Eugene Dick and Ben Dick, children of the said Joseph Dick. And by deed as aforesaid, the said parcel of land so owned by affiant was conveyed to him by the said Fred Dick, Eugene Dick and Ben Dick.

Affiant further states that he has been in possession of said parcel of land continuously for twenty-eight years, occupying said land as a home.

Affiant further states that there are no adverse claimants to said Section 16, as said Section is now wholly owned by persons claiming through the said John B. Ladnier.

Hancock County = Before me the undersigned a Justice of the peace of said County, Came John B. Foulme, Elisha Carver Senr, Dinitry Canina, Francois Ladner, Bernard Bourgeois, and James Johnston, who on their oaths, do say, that for more than thirty five years they have resided on the sea coast within the State of Mississippi, and have been well acquainted with all the oldest inhabitants of that part of the County, with their families and connexions. That among others they have been well acquainted with three men who bore the name of John Baptist Ladner, who lived and resided at the same time in the County of Hancock before its division and the formation of the County of Harrison. To wit: 1st John Baptist Ladner, usually known by the name of Christian who died about seven or eight years ago, aged about eighty years, to whom a land claim located on Jordan river was confirmed. 2nd John Baptist Ladner eldest son of said Christian, now living, aged about fifty five or sixty, known by the name of John Ladner, to whom a land claim located on the Bay of St Louis was confirmed. And 3rd John Baptiste Ladner, known by that name, a cousin of said Christian, who died about 5 or 6 years ago aged about twenty five years, to whom a land claim located on the Bay of Biloxi was confirmed.

These affiants on their oaths further say; that they were all individually acquainted with the said John Baptist Ladner alias Christian for many years before his death which happened about seven or eight years ago within the County of Hancock; that they are still well acquainted with John Baptist Ladner alias John Ladner who resides at this time on the sea coast within the County of Harrison at a place known as the old Chemmy, and that they were also well acquainted for many years before his death with John Baptist Ladner known by that name who resided and died at Biloxi within the County of Harrison.

And these affiants on their oaths further say, that to the best of their knowledge and belief, that only a single land claim was ever confirmed to either of the above described John Baptist Ladners, and that they have never learned or heard, that either of them ever claimed any other land claims, as having been confirmed to them, than those above mentioned as confirmed to each of them respectively.

Hancock County = Before me the undersigned a Justice of the peace of said County, Came John B. Foulme, Elisha Carver Senr, Dimitry Cana, Francis Ladner, Bernard Bourgeois, and James Johnston, who on their oaths, do say, that for more than thirty six years they have resided on the Sea coast within the State of Mississippi, and have been well acquainted with all the oldest inhabitants of that part of the country, with their families and connexions. That among others they have been well acquainted with three men who bore the name of John Baptist Ladner, who lived and resided at the same time in the County of Hancock before its division and the formation of the County of Harrison. To wit: 1° John Baptist Ladner, usually known by the name of Christian who died about seven or eight years ago, aged about eighty years; to whom a land claim located on Jordan river was confirmed. 2° John Baptist Ladner eldest son of said Christian, now living, aged about fifty five or sixty, known by the name of John Ladner, to whom a land claim located on the Bay of St Louis was confirmed. And 3° John Baptiste Ladner, known by that name, a cousin of said Christian, who died about 5 or 6 years ago aged about twenty five years, to whom a land claim located on the Bay of Biloxi was confirmed.

These affiants on their oaths further say; that they were all individually acquainted with the said John Baptist Ladner alias Christian for many years before his death which happened about seven or eight years ago within the County of Hancock; that they are still well acquainted with John Baptist Ladner alias John Ladner who resides at this time on the Sea coast within the County of Harrison at a place known as the old Chemung, and that they were also well acquainted for many years before his death with John Baptiste Ladner known by that name who resided and died at Biloxi within the County of Harrison.

And these affiants on their oaths further say, that to the best of their knowledge and belief, that only a single land claim was ever confirmed to either of the above described John Baptist Ladners, and that they have never learned or heard, that either of them ever claimed any other land claims, as having been confirmed to them, than those above mentioned as confirmed to each of them respectively.

A. K. Gordon

Here they found a young mother with a three weeks old baby and a grandmother in her eighties, besides the other members of the family. By eight a.m. the tide had risen five feet and by eleven-thirty it was shoulder high on the ground floor. The baby and a mattress had been carried upstairs and every one moved up. The swells would lift the house on its foundations and it would rock and settle. A car in the yard seemed to be floating or washing away and would have to be tied. A nineteen year old boy went down to do so, to find rope he went to a shed and put his hand in an old model T Ford's fender. A ground rattler at once bit him in his thumb. The boy was scared and pleaded with the others to cut his thumb, so John made two cuts and then poured household ammonia on the cuts. He put a tourniquet on and told the boy to keep releasing it every ten minutes or so. The pain eased and the boy dozed off to sleep. The thumb turned black and the boy awakened more scared. How high would the water come and did they have any chance to save the baby and old lady? The driving rain and water everywhere. The tide had reached sixteen feet above normal.

Afternoon came and the tide started falling and the wind still roared in pulsing waves but gradually grew quiet. Drift wood and marsh grass were piled high about the bridge and boats. The boats had moved but the anchors caught again in mud stream, and men could plan and move towards getting home.

The next morning early they cleared their boats took the boy around to a doctor who said they had done as much and as well as he could. They got to Gulfport and after a long wait there got a ride to Biloxi and then walked over the bridge to Ocean Springs.

John Catchot is Harbor Master for our inner harbor which was created by and is an accomplishment of Fred Moran in his capacity of County Supervisor for this district. It served as a crash and patrol boat base during the war. It is a boon to all boat owners both fishing and pleasure craft. The harbor committee consists of three men: Wilford Beaugez, Bernard Beaugep and Philip Benzeue, and the fees collected by the harbor master are held for maintenance and improvements with a percentage going to the master for work and time spent there. It has been pioneer work and extension of the harbor is planned by Mr. Moran, but a real and true value to Ocean Springs is already there.

Not just John Catchot's house and grounds are neat and clean. With parties on his boat John's energy is endless. A bucket of water, a mop, a broom, a cloth are always in use and the boat is neat and clean. The food he prepares would be remembered even if the sea and fresh air did not create an appetite to stamp his cooking indelibly on ones memory.

John does not smoke or drink and his heart is big in doing for others. He served one term as a member of the Town Council. John will always want to be active but the days ahead should be a little easier and happier for him and his family.

John A. Catchot

Details: 2-7-99

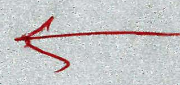

In Ocean Springs, where the first settlement started, families entered the industries of seafood, oranges, charcoal and pecans.

Life was simple and pleasant, and families stayed.

Those who remain are descendants of that era — with names such as Krebs, Catchot, Beaugez, Graveline, Seymour and Bellman.

Commissioner of the General Land Office,
Washington,
District of Columbia,

Sir:

Referring to your letter "32802-1896, G-E.P.H.", directed to Hon. W. M. Denny, then a member of the House of Representatives from the Sixth District of the State of Mississippi, and which letter has been handed by Mr. Denny to my client, Mr. Frank J. Ladner, of this place, I have to say:

The said Frank J. Ladner on the 25th day of July A.D. 1890, purchased of the heirs of Harriet Moran by Deed recorded in Deed Records of Hancock County, in Book N, pages 227 & 228, the following described land,—"The John B. Ladner Claim and more particularly, ^{described} as Section Two (2) Township No. Eight (8) and Range No Fourteen (14), except seventy-eight acres on the eastern border of said section, and also lots one and eight of section Three (3) Township Eight (8) Range Fourteen (14) West, containing in all six hundred and forty (640) acres, more or less,." The said Harriet Moran acquired the same land by deed dated July 30th 1872, recorded in said records in Book F, pages 120 & 121, from one John B. Ladner. The said land is described, or rather designated upon the U.S. Plat made after a survey by Elihu Carver, in 1824 as "John B. Ladner Claim 13, Ctf. 27." The said Mrs. Moran, and her heirs, and her grandson, the said Frank J. Ladner, have lived upon said land,

under their several deeds, for Twenty-five years, and during all that time paid taxes on said land and honestly believed they owned the same. I would also call your attention to a letter which I received from your department, dated October 18th, 1895, marked Initial "G-W.H.L.", in which your Office arrives at the same result as stated in your said letter to Mr. Denny, dated December 17th, 1895, - viz:- that the land in question still belongs to the U.S. Government.

Granting, for the sake of argument, that your position is correct, will you please inform me what steps, if any, can Mr. Frank J. Ladner take to obtain a patent for said land? Mr. Ladner has never, so I am informed, made use of any of his rights to acquire public lands. Will not the U.S. Government protect Mr. Ladner in his bona fides? The U.S. Plat shows the land has passed to private ownership. Can your Office do anything in the premises towards issuing a patent for said land to Mr. Ladner? I think not, and have so advised Mr. Ladner, but Congress may give him some relief. Please tell me if you think I am correct in this respect, and can you cite me to any cases, similar to this, where Congress has granted relief? I have been informed on good authority that a case went up from the Oregon Court to the Supreme Court of the United States, that has some points in common with Mr. Ladner's case. It involved the ownership of part of the City of Portland, State of Oregon, and squatters recovered against the subsequent patentees. Can you cite me to this case, and am I correctly informed as to the decision of the Supreme Court? At any rate will your department hold up said

By MARY JO GARRETT
Krewe Captain

Wesley D. "Ike" Stork of Ocean Springs and Winnie Ladnier of the Harleston community reigned over the annual Krewe of Gilles Carnival Ball Feb. 9 as Their Majesties King Maximillian IV and Queen Mary of Burgundy IV.

The Krewe of Gilles is sponsored by St. Joseph's and St. Ann's Catholic Churches of Moss Point and Hurley respectively. The ball was presented at the Knights of Columbus Hall in Pascagoula with the theme "Gettin' Good Vibes from 45's".

Two giant 45 records 6-foot and 4-foot tall bordered the stage with an 8-foot musical staff and notes hanging above the ice cream parlor chairs which served as this year's throne.

On the back wall an 8-foot Chevy Belair glittered in blue appeared to be three dimensional. The guest entrance was decorated with a back drop depicting a soda shop and an authentic juke box in the corner. Upon entering guests were greeted by Bill Massey who was dressed as a "soda jerk." He was assisted by ushers Emery Elder, Jerry LeBlanc and John Rathel.

A giant juke box made of cherice and silver cracked ice served as court entrance.

Raisins" to Marvin Gayes' "Heard it Through the Grapevine" were Trena Wigley, Kenny and Christis Branning, Tommy and Maria Dickson, and Leo and Gail Trahan.

King Maximillian III, Clayton O. "Butch" Garrett and Queen Mary of Burgundy III, Triss Elder, made their final appearance as last year's crowned rulers entering as "Secret Agent Man" and "Madame Rue" respectively.

Third Duke, Eric Denmark, entered to the tune of "Jailhouse Rock" as Al Catraz with his duchess, Sissy Boyd, entering as "Pretty Woman."

Second Duke, Al Felts, entered as "Doctor, Doctor," with his duchess, Marie Patrick, as "Poison Ivy."

First Duke was Leo French who entered to "Hard Days Night" with his duchess Gail Seely entering as "Blue Moon".

Grand Duke, Skippy Wieniwietz made his entrance as "Bad Bad Boy" with his Grand Duchess, Melanie Caver, entering as "Peppermint Twist."

As each duchess arrived on stage she was presented as single rose by the Krewe captain.

Traditional Mardi Gras music was played as Their Majesties entered the hall masked until taking the throne.

His Majesty was attired in a white tuxedo waist coat with tails over the tuxedo pants. A royal blue lame' cummerbund and bow tie accented the attire. He wore the traditional crown of white satin and gold and carried the silver scepter all of which has been handed down from the previous ruler.

His Majesty is married to the former Susie Coakley and has two sons, Scott and Reid. He is a member of St. Joseph's Catholic Church in Moss Point.

Mr. and Mrs. Lonnie Leverage Ladnier

Mallette Brothers

In 1810 three Mallette brothers fled from Normandy France to New French America to evade the grasp of Napoleon Bonaparte. They were royalists and the "Little Corporal" first confiscated their property and then reached for their heads. Jean and Marquis finally settled at the head of Cedar Creek near the present day Union Church. The other brother is said to have located at Van Cleave. Jean now anglicized to John married Elizabeth Tillman and from this union came most if not all of the Mallettes in George County. Fletcher Read now owns the old homesite and the grave sites of some of these early Mallettes. The place was bought by his father-in-law, W. D. Horne, in 1909.

A Grave Question.

The Census Office announces that if the rate of increase as shown in the results in the thirty largest cities in the country is maintained in the rural districts, the total population of the country will be some 80,000,000. This the bureau points out will necessitate an increase of representatives in Congress of about 53, if the present basis of representation is maintained making the House both unwieldy and crowded. An increase in the basis, would reduce the number in the House but would cause certain states—presumably northern ones—to lose Congressmen, a thing most unpleasant for these states. The bureau therefore naively suggests that perhaps a solution may be found by cutting down the representation of those southern states that have disfranchised the negroes—of course without disturbing the northern states that have disfranchised their illiterate whites. This the bureau evidently thinks would be ideal arrangement, for it adds that the new census will show how many negro illiterates there are in the south and consequently permit an estimate to be made of the number that have been disfranchised. This manifesto of the Census Bureau outlines the attitude of the Republican party toward the disfranchisement of the Southern negroes. The party as a whole is opposed to laws which enable the white people of the South to remedy to some extent the evils of unrestricted negro suffrage. Having given the negro the suffrage at a time when he was utterly unfit to exercise it with intelligence or discrimination the Republican party resents any effort on the part of the south to protect itself against negro majorities. The southern whites have not yet, it would appear, been punished sufficiently for their course during the civil war and, if

Western Union Telegraph Line, in 1874, stands today, while the present set of uncreosoted cedars is the third set placed in since then. Under the old way we used to place the poles in a tank of boiling creosote and boil them. Now we use three creosoting cylinders 115 feet long each.

The process for creosoting wood is as follows: Green piles or sawed timber is loaded into small iron cars. These cars are drawn into large steel cylinders 115 feet long and 6 feet in diameter. The end doors are securely bolted and live steam, at a temperature of 300 Fahrenheit, is admitted to the cylinder, producing a pressure of 55 pounds per square inch, and continued from twelve to sixteen hours, according to the size of the timber under treatment. When this part of the process is completed the wood is thoroughly vulcanized and soft and ready to have all moisture drawn off by the vacuum pumps, which are now started and continued for eight hours, producing a pressure equivalent to 28 inches of mercury. When the vacuum is drawn off the timber is in a thoroughly seasoned state and ready to receive its charge of oil, which is now admitted and continued for about four hours, under a pressure of 125 pounds to the square inch, until the timber has received its specified amount of oil. When the above processes, requiring about thirty hours, have been completed the wood is rendered safe against the sawworm, and will last at least fifty years. In fact, no one lives who has ever seen a piece of properly creosoted timber rot. We have creosoted during the past eighteen months about 30,000 piles, 6,000 for the Louisville & Nashville railroad wharf at Pensacola, besides 1,000,000 feet of sawed timber. All railroads and docks use this timber, and these works are filling orders for Mexico, Cuba and for the United States government.

Old residents of New Orleans will perhaps remember in Gautier the once once famous summer resort of West Pascagoula, the site of the McKee hotel and the scenes of many festivities before the war. It is now, besides the creosote works, the center of the great charcoal trade of Jackson county, some 400,000 barrels of coal being shipped from here annually via the Louisville & Nashville to New Orleans, from whence it is distributed all over the country. This trade is now on a boom, and charcoal burners are now waxing fat. Last year coal was selling at 4 cents a barrel cash, or 6 cents in trade, and the coal burners were on the verge of starvation. Last month coal brought 17 cents and is now bringing 22 cents. Last year a carload of coal, 4,000 barrels, sold for \$24; last week it brought \$32.

Ladnier

Ladniers gather for reunion

THE DESCENDANTS OF Amile Ladnier gathered at Gulf Island Seashore National Park in Ocean Springs June 12 for an all-day reunion. Guests were registered by Amelia Benson, and a large family tree was displayed, beginning with Luis Christian DeLadnier, who arrived on the coast in 1699, and continuing to the present-day 12th generation.

Special awards chair Celeste Ladnier DuBois, distributed special certificates of honor to family members aged 70 and over, including Ed Crane, Ada Crane, Prentiss Crane, Ms. Benson, Viola Hudson, Malta Joseph Miller, Della Mae Savage and Napoleon Ladnier.

These special guests were placed in positions of honor throughout the day, and were seated for luncheon at a special table decorated just for them. The table held a cake in the shape of a ship with the inscriptions "Ladniers 1699 to 1983" and "Happy Birthday Willie" atop it.

Prizes were also given to Alecia Register, daughter of Billy Register, as the youngest family member present; Katie Hinson, for having traveled the farthest, and Tess DuBois, for having the most children present.

Special thanks were extended to Willie and Carrie Ladnier for the work and research they have done on the family. The group also sang *Happy Birthday* to Mr. Ladnier.

After lunch the group reassembled to hear Dr. Edward Harvey speak on the condition of the coast's shores when the first Europeans landed to settle the area. He compared the coast of the days of the Ladnier ancestors with its development and condition today.

Dr. Harvey also displayed a number of artifacts found along the Graveline Bayou and the beach dating back to the arrival of the first settlers. Departing from his historic topic, Harvey also spoke on issues of today, and answered questions concerning his Democratic Party candidacy for post 113 in the state house of representatives.

Officers elected for next year's reunion were Willie Ladnier, chair; Amelia Benson, assistant, and Celeste DuBois, special awards chair. The reunion will be held the same weekend, the second Sunday in June, and again will convene at the Gulf Islands Seashore National Park.

The annual Ladnier-Ladner reunion was called to order by Willie Ladnier June 8 at the Gulf National Seashore Park in Ocean Springs. The Ladniers shared in the Pledge of Allegiance to the flag followed by a prayer by Terry Ladnier of thanks and gratitude for the country and the wonderful heritage left by the forefathers.

Short histories of descendants were given by Amelia Benson, Prentiss Crane and Celeste Ladnier Dubois. Guest speaker, Franklin Cuaves, gave an informative talk telling how the Ladniers and Cueaves settled on Cat Island. Juan De Quaves married Marie Ladnier, thus uniting the families. Willie Ladnier presented Cuaves with a certificate of appreciation.

A letter from Heber Ladner, former Mississippi Secretary of State, expressed his regret at being unable to attend and asked for support of Fort Maurepas. The Ladnier Family was urged to write letters encouraging completion of the fort to the state and national Congressional delegation.

A family tree depicting 12 generations was displayed. Terrance Parker, son of Bobby Joe and Doris Lynn Parker, represented the 12th generation. Terrance is the great-grandson of Eddie and Bessie Ladnier.

Lille Ladnier Register received a certificate for the most children and grandchildren present. Other awards included the Oldest present, Ed Crane; youngest present, Ricky Steven, son of Steven and Regina Register; and traveling the farrest, Stephen and Shay Ladnier.

The committee elected to plan the next family reunion with Willie Ladnier and Amelia Benson, chairmen; Carrie Ladnier, secretary; Celeste Ladnier DuBois, historian; and Ada Crane, finance chairman. Stephen Ladnier was selected to conduct special research after the younger generation expressed an interest in preserving their history and heritage.

1981 reunion will be the second Sunday in August at a place to be announced.

Don Ladnier

Don Ladnier has been selling used cars for over 40 years. On the walls of his car lot office on U.S. 90 in Pascagoula are posted photographs of the many people Ladnier has sold cars to over his 22 years in business. "I've been selling cars since 1965. All I sell is used cars. I sell nice cars. My policy with people is that when I tell them I will do something. I do it. I stand behind all of my old cars and I sell a lot of cars as you can see by the pictures," Ladnier said. Ladnier, who was born and raised in Pascagoula, was in the army during the Korean War and then

went to work for Ingalls on submarines for a while. "Then I just started selling cars and I've been doing it ever since," Ladnier said. Ladnier still uses typed-up contracts and has no computer in his office. "Everything I do is old," he said. Ladnier and his wife, Marie, who is a big part of the business, have four children, six grandchildren, three great-grandchildren and two on the way. When he is not selling cars he likes to visit his family and travel with his wife. He calls himself semi-retired. "I'm not as active as I once was," Ladnier said.

Pascagoula Provides
Pascagoula against outside, outside and political influences, according to fixed limits of its revenue. This was contained in the Municipal Bill, which passed the House today by a vote of 44 to 22. The measure recommended by the Joint Revenue Committee, now goes to the Senate.

Several of the towns have existing state of violence, with the exception of those voted for bonds, was voted by the House today by a vote of 44 to 22. The bill for the year of the town revenue industry for five-year periods had been led by Representative Pace, Slatton and Hamilton for three years.

The House passed the administration bill measure creating a research commission for a survey of the dairy, political, social, industrial and agricultural status today, with sectional lines badly split. The bill would authorize an appropriation of one per cent of the total appropriations made by the state, to be matched dollar for dollar by business men's organizations for the survey.

The governor, lieutenant governor, the speaker of the House and members of the Mississippi state board of development would appoint a commission of not less than 15 nor more than 25, and the commission would employ efficiency experts to make the survey.

The present session of the Legislature promises to break all records, unless debate is curtailed and more afternoon and night sessions are held, declared Speaker Bailey today, in urging speedier action on the voting on measures. He advocated committee meetings be held at night so that the afternoons could be utilized for legislative activities.

HIGH SCHOOL NOTES

Grace Beaman, Denise Hightbotham and Annette Miller went to Biloxi last Thursday to play tennis in the tournament, which is a part of the Regional Meet, April 24.

Thursday morning chapel was especially interesting. Mrs. Kell's expression pupils were on the program. Johnnie Mae Hardy played the piece that she will play in Biloxi Saturday. Vivian Perez showed unusual talent in the recitation that she will enter in the contest Saturday. The quartette sang beautifully. With this talent representing Pascagoula High school there is no reason why this school cannot win in the platform contests.

Miss McEwen spent the week-end in New Orleans with relatives.

Lake Avenue

Easter Egg Hunt—On last Thursday afternoon the Lake Avenue school held its annual Easter Egg Hunt with a delightful gathering of girls and boys both large and small. Myrtle Henley and Mary Etta Krebs found the golden eggs and each received a lovely Easter novelty for a prize. The P. T. By radio communication, contact was arranged between the Gulf Breeze and the Forward at Ship Shoals Buoy so that the injured man could be removed to the Forward for further transportation to a hospital.

When the vessels met the Forward advised the division office that the man was suffering from a demobilized arm but at that time was easy and requested that Dr. J. N. Lockard, the local public health service surgeon for the Coast Guard, to await her arrival at the dock. When the Forward arrived at about 11 p. m., of the 22nd the injured seaman was given medical attention by Dr. Lockard who reported that the patient was greatly relieved after his shoulder was reset.

The Mahoning, in charge of Boat swain A. F. Pittman, reported on the 23rd that she had picked up the auxiliary schooner W. V. McDonald off Pascagoula, without provisions, and with a becalmed cargo of fish on board. The Mahoning reported that the master of the McDonald believed that he could make Pascagoula from South Pass and that he would drop her at that point unless otherwise directed. On the morning of the 24th a message was received that the Mahoning had dropped the McDonald at 7:15 and was returning after assigned activities.

The Dallas arrived in Mobile for electrical repairs on the 17th and returned to Pascagoula on the 22nd.

A radio message from the S. B. Gulf Breeze was received by the radio station at New Orleans, advised that the steamer had a man on board suffering from a dislocated shoulder and wished to know if some assistance could be rendered. The message was intercepted by the radio station at Section Base Fifteen, Biloxi, and was relayed to Division 6, U. S. P. F., for attention. The message was received on the 21st and

Sharon Ladner shocked to get educator award

PASCAGOULA — Pascagoula High School teacher Sharon Ladner was startled when an entourage of people burst into her classroom Tuesday afternoon. Her surprise turned into a scream of excitement as she was awarded the Milken Family Foundation Educator Award worth \$25,000.

In an emotional presentation, Rosetta Richard, vice chairman of the state Board of Education, congratulated Ladner on her honor. She is one of four outstanding teachers named as award recipients in Mississippi. The \$25,000 can be used any way Ladner wishes.

"I've been caught completely off guard," Ladner said. "My students will tell you I'm never at a loss for words, but I'm lost right now."

"This award isn't won by a single person. If I didn't have people like these students to teach every day, a principal who enables me to do

everything that I do, the support of those in administration and my family ... This is definitely a team effort," she said.

The element of surprise makes the Milken Foundation Awards unique. Winners remain a secret until they are surprised by an entourage of state educational representatives and school administrators.

In Ladner's case, the entourage experienced the first surprise as they arrived to find her classroom empty. The group waited in a nearby hallway for the bell to ring so Ladner would return to her room for the next class.

Ladner said she plans to use some of the money to pay for her final semester of graduate school at Oxford University in London, England. This summer will culminate a 4-year study in England as Ladner receives a master of arts degree in English.

Ladner teaches English, oral communications and journalism. She has been in the teaching profession for 23 years, 22 of these in the Pascagoula school district. She was named the school district's Teacher of the Year in 1995.

"This is fantastic," said David

Snowden, Pascagoula school district superintendent. "She is most deserving of this award. Her enthusiasm for teaching is unreal. She loves her students and she loves teaching."

Principal James Harrison echoed Snowden's sentiments.

"It's a great honor for Mrs. Ladner," he said. "She is a dynamic individual and well deserving of this honor."

Ladner said it was her mother's love of teaching that inspired her to go into the teaching profession.

"My mother was my kindergarten teacher and she's still teaching in Waveland. I can't ever remember a

time when I didn't want to be a teacher," she said.

Ladner's philosophy of a good teacher includes being flexible, adaptable and most of all — to love your students.

"You have to put them first, that's the bottom line," she said. "I love teaching high school kids. They are so neat. You can really talk to them below the superficial layer of things. They can read, write, talk and together we can dig, dig, dig for information."

Ladner wasn't the only one kept in the dark about the award. Her husband, Anthony Ladner, principal at Trent Lott Middle School,

found out about the secret at the last minute and was there for the presentation.

"I'm speechless," he said. "I know how hard she works, and I think she's deserving of everything she's got coming to her. She's down at the school working on Saturdays and Sundays and stays up late at home to get things done. She's a prime example of the saying, 'when you work hard, good things come out of it.'"

The Ladners have two sons, Matt, a ninth-grader at PHS and Aaron, a student at Millsaps College.

"They thought they had the OK from the state," Dugan said. "We have talked to them."

The corps will announce a decision on the emergency mooring within several days, Dugan said. The early construction start won't affect the decision on whether to allow the emergency mooring.

"Nothing has been decided," Dugan said.

The developers and Paulson have said all along they want to open a casino on the site.

After the CMR approved the emergency mooring, the developers then asked the CMR to allow a casino operation on the site.

That request could be heard as early as the Nov. 18 CMR meeting.

Opening a casino will require public hearings and more extensive applications than the emergency mooring.

The wall of fire almost reached the home of Ronnie Carpenter.

"It was right in front of my house," he said. "I went out there and started hosing it down."

Firefighters were able to keep the flames from reaching the house but were still battling flames

"There's going to be a lot of smoke in this area for a while," said Tony Wilder of the U.S. Forestry Service. "It's man-caused but we don't know what it is right now. It's just been so dry."

One local resident was very unhappy with the situation.

"It just stinks 'cause now our woods are all black," 10-year-old Casey Williams said as she rubbed a spot of soot from her face.

"Now we can't make any forts back there because the woods are all burned and black."

HOWELL SCHOLARSHIP

State College—Two students in the school of forestry at Mississippi State University have been awarded \$250 scholarships for the 1958-1959 year.

One of the two scholarship was awarded to Harold E. Howell of Pascagoula, a freshman in forest production, by the L. E. Bantzer Lumber Company.

The total was expected to grow as late registrants continued to enroll this week, principals and superintendents said.

New classrooms added since last term are already proving inadequate to handle the overflow registration.

Shifts between various schools in the municipalities were being made to lighten the loads in areas where registration has been heaviest.

Offices, gyms and almost any available spare space in attendance centers were being used as classrooms.

"We knew enrollment was going to be heavy this term," school officials agreed almost unanimously. "But it has gone even beyond our anticipations. We will continue to be crowded until projects under way and others in the planning stage are completed and put into use."

Here is what the first few days of school brought last week:

Pascagoula: Total registration in the city's public schools was 4444 students. Our Lady of Victories reported 625 enrollees and St. Peter's 216, for a total city registration of 5276.

Last year's registration in the city's public and church schools was 4860.

Biggest loads in the Pascagoula public schools came at the high school and Eastlawn elementary. At the former, 944 students were registered, a 20% increase over last year's 786.

At Eastlawn 757 registered for attendance, Virgil G. Gill, Pascagoula superintendent, said. It will be necessary to shift 113 pupils to other centers to lighten the pupil load.

In addition to the regular 18 classrooms at Eastlawn, the audiovisual room and library are being used as classrooms. The school was designed for a capacity of 540 students, Gill said.

Registration at other schools in the city were Lake, 224; Central, 549; South, 441; Beach, 166, and 641 at the Junior High School. Gautier School with grades 1-4 registered 74 students, Gill said.

Carver High School had a total registration of 253 and Skip Elementary 521.

At OLV registration was 496 in the elementary grades and 130 in the high school.

At St. Peter's registration in grades ranging from kindergarten to the 8th was 216.

Moss Point: A record-breaking 4418 students registered in city and school district centers, Luther W. Tanner, superintendent, said.

Despite 18 new classrooms completed since last term, schools are crowded and using all available space for teaching units.

Registration in the 8-12 grades at Central School was up to 1206 students — 15% more than last year's 1050. Tanner said. Registration at other attendance centers was:

Ed Mayo, 587; Eley Junior High, 343; Orange Lake, 191.

Bob Ladnier enjoyed coaching football in Gautier, but won't be with the Gators this fall.

Ladnier, a fixture for many years on the city's and school's sports scene, passed away around midnight Saturday after an extended hospital stay due to cancer.

"He put up a big fight," said Ladnier's son Bobby Ladnier, one of five children. "We were there at the (Ocean Springs Hospital) with him when he left."

Ladnier

Coaching on Donald Nelson's staff for the six seasons at Gautier High, Ladnier helped the GHS program to a 48-20 record with five playoff appearances during his stint.

"He sort of showed up and I wasn't able to run him off," Nelson said by phone Sunday. "Coach Bob" was known to everyone and he helped me with paperwork, coaching and a number of things while we worked together.

"He was also an assistant coach with Elmer Jones at Gautier High. He and Elmer were good friends."

Jones was another well-known area coaching casualty when he passed away suddenly in 1999.

Gerstein wound up the state's rebuttal after putting on six witnesses. It was 11:32 a.m. EST at the start of the seventh week of the sordid trial of Melvin Lane Powers and Candy Mossler that Gerstein arose and said:

"If your honor, please, the state rests."

The defense offered no rebuttal witnesses.

Circuit Judge George E. Schultz adjourned court until 9:30 a.m. Tuesday.

Judge Schulz said final arguments probably would be concluded sometime Wednesday and that his charge to the jury after that would take about 1 1/2 hours.

Today's final day of testimony opened with a state rebuttal witness providing a time alibi for a man whom the defense had tabbed as another possible suspect in the murder.

Truly Feminine Enjoyment

Florence is a great reader. As she was reading a sad story, she was sobbing as if her heart would break. Her sister noticed it, and asked why she was crying. Turned impatiently Florence sobbed, "you leave me alone when I'm crying myself?"

Hawks Migrate En Bloc

The autumn migration of hawks is made partly en bloc, a large proportion of the total population of several Northern species appearing and passing southward at certain more or less definite times. Often one "wave" of the birds will follow a period of quiescence, which will be in turn succeeded by another wave.

OCEAN SPRINGS WINS BURLESQUE GAME

The Cloverleaf base ball club, out of New Orleans, proved a sad disappointment when they attempted to play a game here Sunday last with the home team. The visitors arrived with only seven men and were obliged to pick up two local players, who, by the way, proved to be the best on their team. The game was a joke. The New Orleans boys couldn't play good enough to make it interesting. After the locals had piled up a big score in two innings the game degenerated into a farce. Most of the crowd left before the game ended.

The Times hopes Manager Cowand will be able to secure some strong teams for the fall season. Pascagoula, Moss Point, Escatawpa or Kreole would make it interesting. Possibly a good team out of Mobile could be secured.

Biloxi man faces charge for robbery

OCEAN SPRINGS — One man has been arrested in connection with the armed robbery of Lovelace Drug Store last week, according to the Ocean Springs Police Department.

Anthony Kozlowski, 4, Lawrence Apartments, Biloxi, is being held in Harrison County Jail awaiting court proceedings. Arrested with Kozlowski was Anthony Balias, also of the same address. Kozlowski is being held under a \$40,000 bond and Balias is being held under a \$50,000 bond by the Biloxi Police Department.

An Ocean Springs Police Department spokesman said on March 1 at 8:02 p.m., an armed robbery took place at a Revco Drug Store in Biloxi. At 8:30 p.m., a white male, Kozlowski, was arrested for attempting to pass a forged prescription. At the time of the arrest, Kozlowski was found to be carrying two bottles of Demorol which were traced to ones taken just 28 minutes earlier in the Revco robbery.

The Biloxi Police obtained a search warrant for Kozlowski's apartment and seized controlled narcotics that were reportedly stolen in the Lovelace Drug Store robbery a few days earlier. A handgun and clothing worn by the suspect were seized by police.

Balias was arrested at the apartment and charged with possession of a controlled substance and armed robbery of Revco Drugs.

Kozlowski was charged by Ocean Springs Police with the armed robbery of Lovelace Drugs. All narcotics seized have an estimated street value of \$5,000.

LeRoy "Pat" Ladnier

LeRoy "Pat" Ladnier, 77, of Biloxi, MS, peacefully joined God on May 23, 2008. We are letting him go with heavy hearts, but take comfort in knowing he was spared much suffering.

Pat was born in the Biloxi Hospital on February 13, 1931 to William and Antonia Bodin Ladnier and was a member of St. Alphonsus Church. He attended Lopez Elementary, graduated from Notre Dame High School in 1949, and served in the US Navy from 1951-1955 where he flew in Naval Air Squadron VP16 on PB4Ys and P2Vs. After his time in the Navy, he attended and graduated from USM in Hattiesburg. After graduation from college, he worked in the Persian Gulf, Mediterranean, Atlantic, Caribbean and many other areas. His fondest memories abroad were made in Trinidad while living and working with his brother, Fabian for Alf Danzler.

After his work abroad, he worked as a captain in the northern Gulf oil industry. During this time, he met his wife Mary Wiltz Ladnier. He loved her immensely and they spent 39 years together. In 1971 began working with the Gulf Coast Research Laboratory and served as captain of the R/V Gulf Researcher and R/V Tommy Munro until his retirement in 1994. During his time with GCRL, he loved and was greatly loved by the students, faculty and staff with whom he worked. After retirement he enjoyed helping with his sons' business operating the Naval Oceanographic Vessel IX 508.

Other than his family and friends, Pat's greatest love was his church, where he served in almost every capacity and attended daily mass at St. Alphonsus and Sacred Heart.

He is survived by his beloved wife, Mary Wiltz Ladnier, his brother and sister-in-law Fabian & Doris Ladnier, sons Edward, William, Gregory and daughter, Laure. His grandchildren include Juliana and Aubrey Ladnier and Jessica, Rebecca and Joshua Vanderford. He was preceded in death by son David Kemmerer.

He seemed to be everyone's favorite person and everyone who knew him was enriched by his humble and forever optimistic nature. He loved to cook and was known for his famous gumbo. He loved "throwing the net" for mullet, opening oysters, and fish fries. He strongly advocated keeping family and friends together through parties and by his example. Pat had a tremendous love for his family, friends and co-workers and placed others wants above his own needs.

A Mass of Christian Burial will be held Wednesday, May 28, 2008, at 11 a.m. at St. Alphonsus Catholic Church in Ocean Springs where friends may visit from 9:30 until 11 a.m. Interment will follow in Evergreen Cemetery. A dinner celebrating his life will follow at the KC Hall on the church grounds.

In lieu of flowers, Dad requested donations be made to his brother, Fabian's efforts with the St. Vincent de Paul Free Community Pharmacy located at 735 Division St., Biloxi, MS 39530, <http://stvincentdepaulpharmacy.org> or to St. Alphonsus Church.

Bradford-O'Keefe Funeral Home, Howard Avenue, in Biloxi is in charge of arrangements.
